Reproductive Gynecology
Independence, OH

Metis Construction and Metis Design worked with Reproductive Gynecology to renovate and update their 3,000 sq ft office in Independence, Ohio. Metis Design worked with the client to design and select finishes while Metis Construction completed the renovation. The office updates included a new stone wall and a custom lab with a pass-thru opening for medical tests, new kitchen and a custom wheelchair accessible restroom. Custom countertops, cabinetry, LED lighting and new finishes completed the project.
