construction services
Girl Scouts of North East Ohio
Camp Timberlaane
Wakeman, Ohio

Metis was fortunate to participate in the transformation of Camp Timberlane, a Girl Scout camp located in Erie County, within the beautiful Firelands Reserve. We designed and built many of the building located on the 324-acre camp including troop houses, overnight cabins, pool house and yes, even a yurt. We cannot forget about the wheelchair accessible Edgewater Program Center that has a beautiful large covered porch to enjoy the spectacular views of the camp. It was a privilege to work with the Girl Scouts of Northeast Ohio.
