Dan Smith Park
Kent, Ohio

In 2015, Metis Construction had the honor of working with a local committee to design and build a memorial part dedicated to Kent's Economic Director, Dan Smith, who passed away in 2014.

The Dan Smith Community Park combines his love of music and games. A stage and large seating area were built for music throughout the summer and fall. There are cornhole sets and large Connect-4 boards to enjoy. The park has become a destination point for the community as they enjoy the revitalized city.
